

## ***The Global Sustainability Project Fact Sheet*** ***2019-20 School Year***

**Sponsor:** The Picerne Family Foundation has created and is sponsoring the Global Sustainability Project (GSP) in collaboration with the Advanced Placement Programs at South High School and the Earthwatch Institute.

**Objectives:** (1) to broaden students' understanding of another culture; (2) to experience conservation and sustainability issues of another country; and (3) to make a direct contribution to solving local environmental sustainability issues.

**Program:** There are three aspects to the GSP program.

1. Expedition Preparation. Students will spend time in lunch and/or after school meetings during the 2019/20 school year with Ms. Minahan to learn more about the ecology, culture, and history of South Africa.
2. Overseas expedition. During the summer 2020, students will participate in a 12-day international research expedition conducted by Earthwatch to study endangered rhinos at a South African wildlife preserve and national park. This will be a South High student-only expedition accompanied by Ms. Minahan. Students will depart for South Africa in late July 2020.
3. Service. Prior to departure on the overseas research expedition, students are required to contribute 40 hours of meaningful volunteer work on a sustainability project, approved by Ms. Minahan, at a local conservancy, university or ecological nonprofit organization.

**Eligibility:** To participate, students must be a junior taking an advanced placement course in any subject at South High and have a minimum overall 3.0 GPA.

**Expenses:** The Picerne Family Foundation will provide scholarships for up to 10 students that will cover airfare and the cost of the expedition. Students will be responsible for obtaining a passport, inoculations, gear and all other related expenses. Limited financial assistance will be available for students unable to meet all of these expenses.

**Time Commitment:** Students will:

- Meet after school and on weekends as needed with Ms. Minahan. The meetings will be devoted to expedition preparation, research, and field trips.
- Volunteer 40 hours during the 2019/20 school year working on a local sustainability project at a local conservancy, university or ecological nonprofit organization chosen by Ms. Minahan.
- Journalize and document volunteer project with photos, and present this experience to foundation members, parents, peers and community members upon the completion of the project.
- Complete and submit on time all required travel documents, inoculation requirements, passport application, etc. Students who fail to do so will be dropped from the program.

**Application Process:**

- Tuesday, June 4, 2019 at 6:00pm. South High, Room N-2 – Parent & Student Information Session.
- Wednesday, Sept. 25, 2019 at 3:00pm – Written Applications Due  
(Late applications will not be accepted)
- Sept. 25 – Oct. 11 – Picerne Family Foundation Selects GSP Finalists
- Wednesday, Oct. 23, 2019, South High, Room N-2, Time TBA – Presentations & Interviews with Finalists
- Friday, Oct. 25 – Announcement of GSP Participants
- Wednesday, Oct. 30, 2019 at 6:00pm, South High, Room N-2 – Parent & Student Orientation Session.
